Book has children reaching for the American Dream

A wonderful opportunity has become available for our community. We can all be a part of something very special. Robert Renteria, author of "From the Barrio to the Boardroom," has released his Spanish-language version of the book.

A book launching will be held at 5:30 p.m. on Wednesday, Aug. 26, at La Quinta Restaurant.

In this community we can make a difference. In this world we can make a difference. We can do it together.

Please join us and help us to promote "From the Barrio to the Boardroom" books in English and now in Spanish.

This book has children reaching for the American dream through reading and writing. We can reach so many more children if we are ready, willing and able to support this book through the Barrio Challenge.

If you would like to find out

more about the book and recently created curriculum, visit www.fromthebarrio.com Web site.

We all know education is the only true key to advancement. Our children must receive all the support we have to give. Each child needs at least one caring adult in their life. Reach out, reach forward and make a difference through supporting education through the Barrio Foundation.
